TURN-KEY PROJECT DESCRIPTION

5000 SQ FT COMMERCIAL RECIRCULATING SPLASH PAD LOCATED AT: TOWN OF FARMVILLE - VA (Exact Location TBD)

RAIN DECK SO# 26786 (SEE RAIN DECK ESTIMATED SALES ORDER ATTACHED)

Approx. 5000 square foot concrete slab (Wet Area ONLY) with minimum 4" thickness, reinforced with wire mesh or rebar, granular base and proper slope for drainage.

Complete splash pad installation including all required plumbing material, spray nozzle install, above ground feature install, labor and other misc material.

Electrical hook-up for pumps, controller(s), activator(s) and timers. Depending on local code requirements, there may be an additional cost.

Splash Zone to perform system start-up, flush all nozzles and provide operation/maintenance orientation for Client.

Minimum 1" water supply for water leveler provided by others and stubbed to an accessible location near tank. Recirc-System: Although this splash pad is designed with a recirculation system, the splash pad will still have some water loss based on a number of factors including evaporation, carry-off, wind, user load, backwashing etc.

Minimum electrical service for pump(s), controller(s), activator(s) and timer(s) provided by others and located in an accessible location for Splash Zone to hook-up equipment.

Minimum 4" sewer stub-out to be provided by others and brought to an accessible location near tank (if required).

Utility room, vault or enclosure for equipment to be provided by others, unless stated otherwise in proposal/contract.

Unless specifically stated, Payment and Performance bond are not included in this proposal; however, Splash Zone is pre-qualified to acquire at an additional cost if requested. Unless specified in writing, Splash Zone cannot guarantee an exact installation date. Projects will generally be scheduled after all required permitting is complete. This proposal is not bid with prevailing-wage unless specifically stated within this contract. Client to be named as additional insured on Splash Zone G/L policy with completed operations coverage. Unless specifically stated, all inspections, permits and permit fees are the responsibility of Client if required. Sales Tax is not included and will be billed separately if required. This proposal is subject to change based on client changes. This proposal is not a guarantee of city, county or health code requirements. Any additional governmental requirements will be at an additional charge. Client is responsible for having the splash pad site "blue staked" (free service, call 811) before construction begins.
